

Automatic Hand Dryers

Automatic Hand Dryers

About Tekflo

Tekflo's mission is simple - to provide the very best in automatic hand dryers to private customers and trade customers, including wholesalers, architects, specifiers and contractors. Tekflo gives you the performance and reliability of bigger manufacturers, but at a fraction of their prices. That means you'll be able to find the most cost-effective option for your school, shopping centre, office, factory, hotel...

We've been designing, manufacturing and selling innovative, automatic hand dryers since 2008. In that time, we've seen some significant advances in technology that have helped make our hand dryers quieter, quicker and cheaper to run. We've had lots of great feedback too. Customers have told us what they expect from their hand dryers, and we've taken all of that insight on board to develop a range that is reliable, effective and stylish.

All our hand dryers are made to exacting standards. For us, quality and a commitment to competitive pricing is a way of life. Nothing else is acceptable. This philosophy has inspired us to develop products that are leading the industry.

Our most compact dryer is also our **most affordable.**

You need a compact, cost-effective hand dryer that works well and looks good. Your patrons, clients or staff need a fast, effective dryer that's clean and easy to use. The TEKFL0 Essential Hand Dryer fits the bill. It's got a sleek, compact design and a hardwearing, corrosion-proof Stainless Steel casing. Made for light to frequent duty use, it's ideally suited to smaller washrooms and offices, restaurants, sports clubs and bars. But what's it like to use? Quick and quiet. An operating volume of 72dB and a wet-to-dry speed of 20 seconds sets it apart from other hand dryers in this price range.

Product Features

- Stylish, curvaceous appearance
- Durable Stainless Steel casing protects against corrosion and vandalism
- Automatic 'no touch' operation makes this a hygienic choice
- Low energy use with its 1.5kW rating to help reduce your carbon footprint
- Auto cut-off prevents unnecessary energy wastage
- Drying time is around 20 seconds from wet-to-dry – a commendable speed for a product in this price bracket
- Quiet – at just 72dB this is ideal for smaller washrooms or low to medium traffic areas
- Lightweight (light enough to go on any wall), easy to install and maintain
- Finishes available in Brushed Metal, Polished Chrome and Arctic White

Technical Specifications

- Shell material: 304 Stainless Steel
- Standard finishes: Brushed Metal, Chrome, White
- Rated Voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated power: 1,500W
- Installation: wall mounted
- Drying Time: 20 Seconds
- Air Speed: 12 M/s
- Noise Output: 72dB
- Operation: infrared automatic 'No Touch'
- Timing protection: 60 Seconds auto cut off
- Thermal protection: cut off above 70C
- Drip proof: IPX1
- Unit dimensions: 225mm W x 282mm H x 160mm D
- Net weight: 4.0 kg
- Warranty: 2 Years
- Certification: CE, RoHS
- Package contents: hand dryer, installation accessories and user manual

Classic looks meet **modern performance.**

What makes this such a popular hand dryer with our customers? Three things: robust (but stylish) design, reliability and consistently high performance. Looks matter. So this is a hardwearing hand dryer that'll keep its looks, thanks to a spic-and-span Stainless Steel casing. Reliable? This is the industry workhorse. The one you can rely on month after month after month. High performance? This is one of the most powerful dryers in its price bracket. The TEK FLO Classic dries hands in 12 seconds flat, and at just 72 dB still keeps things nice and quiet. It's the perfect choice for high traffic washrooms, including restaurants, schools, nightclubs, bars, airports, service stations, hotels, offices, hospitals, gyms and shopping centres.

Product Features

- Classic good looks – this is a drier that will look good in any environment
- Heavy duty Stainless Steel casing gives exceptional protection against corrosion and vandalism
- Automatic 'no touch' operation makes this the hygienic choice
- The powerful 2,300W motor, wide mouthed nozzle and sturdy heating element provides a wide tunnel of fast moving warm air to dry hands in just 12 seconds
- Auto cut-off prevents unnecessary energy wastage
- Powerful but quiet compared with other driers in its class – just 70dB
- Rotating nozzle can be maneuvered 360° allowing users to dry hands and face
- Easy to install and maintain
- Finishes available in Brushed Metal, Polished Chrome and Arctic White

Technical Specifications

- Shell Material: 304 Stainless Steel
- Standard finishes: Brushed Metal, Chrome, White
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated power: 2,300W
- Installation: wall mounted
- Drying time: 12 Seconds
- Air speed: 30 M/s
- Noise output: 70dB
- Operation: infrared automatic 'no touch'
- Timing protection: 60 seconds auto cut off
- Thermal protection: cut off above 70C
- Drip Proof: IPX1
- Unit dimensions: 267mm W x 235mm H x 210mm D
- Net weight: 5.0 kg
- Warranty: 2 years
- Certification: CE, RoHs
- Package contents: hand dryer, installation accessories and user manual

The space-saving slimline dryer with high-speed 'Blade' performance.

Looking for a slimline dryer that saves space but doesn't compromise on performance? Say "Hello" to the Tekflo Jet.

With an ultra-compact footprint, the chassis measures just 100mm deep. But don't be fooled by its diminutive size - inside every Jet is a powerful 'blade' motor capable of pushing out clean sheets of air that will dry hands in just 10 seconds!

And it's not just space you can save, switch off the internal heater and you can save money on operating costs too, cutting the power consumption to 400W - making this one of our most eco-friendly dryers.

Product Features

- Super-slimline compact dryer - just 100mm deep
- Looks great while saving space
- Switchable heating element means power can be adjusted down to 400W - reducing running costs and carbon footprint
- Powerful 'blade' motor dries hands in just 10 seconds
- Heavy duty Stainless Steel casing gives excellent ongoing protection against corrosion and vandalism
- The automatic 'no touch' operation ensures impeccable hygiene
- No unnecessary energy wastage thanks to the automatic cut-off
- Reduced noise levels of 72dB for quick and quiet drying
- Easy to install and maintain
- Finishes available in Brushed Metal, Reflex Silver and Arctic White

Technical Specifications

- Shell material: 304 Stainless Steel
- Standard finishes: Brushed Metal, Silver, White
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated Power: Variable: 400W - 950W (Switchable Heating Element)
- Installation: wall mounted
- Drying time: 10 Seconds
- Air speed: 85 M/s
- Noise output: 72dB
- Operation: infrared automatic 'no touch'
- Timing protection: 60 seconds auto cut off
- Thermal protection: cut off above 70C
- Air Filter: Yes
- Unit dimensions: 275mm W x 300mm H x 100mm D
- Net weight: 4.0 kg
- Warranty: 2 Years
- Certification: CE, RoHS
- Package contents: hand dryer, installation accessories and user manual

High speed drying with a **sense of style.**

When it comes to high-speed drying with real style, the TEKFL0 Advanced makes a bold statement in any washroom, combining fast drying power with classy looks in a sleek, individual shell.

Like all TEKFL0 models, the Advanced is highly-spec'd with automatic operation, a powerful motor and a robust all-metal case. With an eco-conscious 1,600W total power rating, the Advanced blasts air through a single nozzle and can dry hands in just 9 seconds. Bringing a sense of style to any high-traffic washroom environments, the Advanced is the perfect dryer for nightclubs, bars, airports, gyms and shopping centres.

Product Features

- Its contemporary, sleek, ergonomic design makes this an exceptionally stylish dryer
- Heavy duty Stainless Steel casing gives excellent ongoing protection against corrosion and vandalism
- The automatic 'no touch' operation ensures impeccable hygiene
- Users enjoy an ultra-fast drying time of just nine seconds!
- Maximum output comes at minimal power consumption to help reduce carbon footprint
- No unnecessary energy wastage thanks to the automatic cut-off
- Reduced noise levels make this one of the quietest and most discrete dryers in any class
- High brightness blue LED light indicator clearly indicates the drying zone ensuring ease and effectiveness of use
- Easy to install and maintain
- Finishes available in Brushed Metal, Polished Chrome and Arctic White

Technical Specifications

- Shell material: 304 Stainless Steel
- Standard finishes: Brushed Metal, Chrome, White

- Drying time: 9 Seconds
- Air speed: 85 M/s
- Noise output: 75dB
- Operation: infrared automatic 'no touch'
- Timing protection: 60 seconds auto cut off
- Thermal protection: cut off above 70C
- Drip Proof: IPX1
- Unit dimensions: 278mm W x 325mm H x 172mm D
- Net weight: 6.0 kg
- Warranty: 2 Years
- Certification: CE, RoHs
- Package contents: hand dryer, installation accessories and user manual

Faster. Cleaner. Quieter. **And more economical.**

Here's a dryer that really punches above its weight (and price!). The TEKFL0 Eco brings together the latest hand dryer innovations in a truly compact dryer that'll fit any washroom.

Housed in the traditional TEKFL0 all-metal case, the Eco serves up a wealth of features from its space-saving shell, including fast powerful blade-style drying, eco-friendly switchable power modes (down to just 420W) and a built-in air-cleaning filter for the highest levels of hygiene. And of course it shares the TEKFL0 family benefits of automatic operation and fast cut-off.

Product Features

- Compact 'hands-under' design
- Fast-drying, ultra-quiet blade-technology
- Built-in removable filter for improved hygiene
- Heavy duty Stainless Steel casing gives excellent ongoing protection against corrosion and vandalism
- The automatic 'no touch' operation ensures impeccable hygiene
- Users enjoy an ultra-fast drying time of just 9 seconds!
- Eco-mode switching allows you to tailor power consumption from 420W - 1,250W
- No unnecessary energy wastage thanks to the automatic cut-off
- Easy to install and maintain
- Finishes available in Brushed Metal, Polished Chrome and Arctic White

Technical Specifications

- Shell material: 304 Stainless Steel
- Standard finishes: Brushed Metal, Chrome, White
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated Power: Variable: 420W - 1,250W (Switchable Motor Speed and Heating Element)
- Installation: wall mounted
- Drying time: 9 Seconds
- Air speed: 90 M/s
- Noise output: 70dB
- Operation: infrared automatic 'no touch'
- Timing protection: 60 seconds auto cut off
- Thermal protection: cut off above 70C
- Filter: Removable hygiene filter
- Unit dimensions: 282mm W x 240mm H x 174mm D
- Net weight: 5.0 kg
- Warranty: 2 Years
- Certification: CE, RoHs
- Package contents: hand dryer, installation accessories and user manual

Our most powerful ‘hands-under’ dryer. With V-style ‘Blade’ technology.

Welcome to The Edge. This high-powered marvel is a fast, clean, quiet ‘hands-under’ dryer equipped with the latest V-style twin Blade technology.

Housed in the traditional TEKFLO robust all-metal case, the Edge delivers high-speed drying, eco-friendly switchable power modes (down to just 620W) and a built-in air-cleaning filter for the highest levels of hygiene. And of course it shares the TEKFLO family benefits of automatic operation and fast cut-off for the most efficient use of energy.

Product Features

- Twin-blade dryer with V-style formation for fast, quiet drying – under 9 seconds!
- Produces sheets of ‘clean’ air at over 100 meters per second
- Heavy duty Stainless Steel casing gives excellent ongoing protection against corrosion and vandalism
- The automatic ‘no touch’ operation ensures impeccable hygiene
- Eco-mode switches inside the casement allow you to adjust power consumption to help reduce cost and carbon footprint
- No unnecessary energy wastage thanks to the automatic cut-off
- Reduced noise levels make this one of the quietest and most discrete dryers in any class
- Built-in removable filter for hygienic operation with filtered air
- Easy to install and maintain
- Finishes available in Brushed Metal, Reflex Silver and Arctic White

Space saving drying with a **sense of style.**

When it comes to high-speed drying with real style, the TEKFL0 Fusion makes a bold statement in any washroom, combining fast drying power with classy looks in a sleek, basin mounted individual shell.

Like all TEKFL0 models, the Fusion is highly-spec'd with automatic operation, a powerful motor and a robust all-metal case. With an eco-conscious 500W total power rating, the Fusion blasts air through a single nozzle and can dry hands in 15 seconds.

Perfect for washroom environments with minimal wall space, attaching directly to the basin or counter top. The Fusion is the perfect dryer for hotels, airports, hospitality environments or any locations that need an integrated, great looking dryer.

Product Features

- Its contemporary, sleek, ergonomic design makes this an exceptionally stylish dryer
- Heavy duty Solid Brass casing gives excellent ongoing protection against corrosion and vandalism
- The automatic 'no touch' operation ensures impeccable hygiene
- Over basin drying helps reduce clean up, spills and spillage on floors
- Maximum output comes at minimal power consumption at only 500W to help reduce carbon footprint
- Built in removable HEPA filter for hygienic operation with filtered air
- No unnecessary energy wastage thanks to the automatic cut-off
- Reduced noise levels make this one of the quietest and most discrete dryers in any class
- Stylish LED indicator clearly indicates dryer is in use
- Easy to install and maintain
- Available in Chrome finish

Technical Specifications

- Body material: Hpb59-1 Solid Brass
- Standard finishes: Chrome
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated Power: 500W
- Installation: basin mounted
- Drying time: 15 Seconds
- Air speed: 90 M/s
- Noise output: 75dB
- Operation: infrared automatic 'no touch'
- Timing protection: 30 seconds auto cut off
- Thermal protection: cut off above 70C
- Drip Proof: IP24
- Filter: HEPA filter
- Unit dimensions: 50mm W x 170mm H x 223mm D
- Net weight: 4.4 kg
- Warranty: 2 Years
- Certification: CE, RoHs
- Package contents: hand dryer, installation accessories and user manual

The UK's most affordable 'hands-in' Blade hand dryer.

The basic hand dryer hasn't changed all that much over the years. But the Twin Blade system is a trailblazer. Fast and quiet, efficient and economical, it's a great choice for high throughput washrooms, giving patrons a hygienically clean way to dry their hands in just eight seconds. TEKFL0's Blade Hand Dryer scores highly for its looks too. It's sleeker and more stylish than the common-or-garden hand dryer. And there's another useful improvement... The Blade collects excess water within the unit. That means no wet floors, no slipping hazards, and no need for regular maintenance trips to dry bathroom floors. The Blade is a great choice for high traffic public washrooms, including restaurants, schools, nightclubs, bars, airports, service stations, hotels, large offices, hospitals, gyms, cinema and shopping centres.

Product Features

- The contemporary, ergonomic style gives the Blade its streamlined look
- A heavy-duty Stainless Steel casing offers excellent protection from corrosion and vandalism
- The automatic 'no touch' operation makes this a hygienic system
- Air is exerted from its double injection air-flow system, which results in a drying time of just eight seconds
- Auto cut-off eliminates energy wastage
- Minimal power consumption, maximum output – the Blade reduces your carbon footprint
- Reduced noise levels make this a discrete dryer
- High brightness blue LED light indicator clearly indicates the drying zone ensuring ease and effectiveness of use
- Easy to install and with a removable drip trap and air filter, it is effortless to maintain
- Finishes available in Brushed Metal, Reflex Silver and Arctic White

Technical Specifications

- Shell material/s: ABS Plastic and 304 Stainless Steel
- Standard finishes: Brushed Metal, Silver, White
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated power: Variable: 800W - 1,650W (Switchable Heating Element)
- Installation: wall mounted
- Drying time: 8 seconds
- Air speed: 95 M/s
- Noise output: 68dB
- Operation: infrared automatic 'no touch'
- Timing protection: 60 seconds auto cut off
- Thermal protection: cut off above 70C
- Waterproof rating: IPX4
- Unit dimensions: 300mm W x 730mm H x 230mm D
- Net weight: 12.0 kg
- Warranty: 2 Years
- Certification: CE, RoHS
- Package contents: hand dryer, installation accessories and user manual

High performance semi-recessed hand dryer.

Taking a minimum of space and delivering a stylish edge to any washroom, the TEKFL0 Breeze hand dryer offers a high-class alternative to wall mounted dryers.

Easily installed into a wall recess, the Breeze features a sleek low-profile appearance combined with high speed drying performance and a “hands-in” design which prevents excess water spillage onto the washroom floor.

Fast and quiet, the Breeze dries hands in just 9 seconds, with a very respectable noise rating of just 75dB. The Breeze is ideal for high traffic applications, from busy restaurants and large bars, through to airports and sports stadiums.

Product Features

- Recessed design make this a streamlined and unobtrusive dryer ideal for where space is at a premium
- 18cm deep alcove that captures and evaporates water thanks to a hygienic absorbent ceramic surface
- Heavy duty Stainless Steel casing gives excellent ongoing protection against corrosion and vandalism
- Users enjoy an ultra-fast drying time of just ten seconds!
- Maximum output comes at minimal power consumption at just 1,100W to help reduce carbon footprint
- No unnecessary energy wastage thanks to the automatic cut-off
- Reduced noise levels make this one of the quietest and most discrete dryers in any class
- Built in removable HEPA filter for hygienic operation with filtered air
- Easy to install and maintain
- Available in Brushed Metal finish

Technical Specifications

- Shell material: 304 Stainless Steel
- Standard finish: Brushed Metal
- Rated voltage: AC 220-240V
- Rated frequency: 50 / 60 Hz
- Rated Power: 1,100W
- Installation: recessed wall mounted
- Drying time: 9 Seconds
- Air speed: 90 M/s
- Noise output: 75dB
- Operation: infrared automatic ‘no touch’
- Timing protection: 60 seconds auto cut off
- Drip proof: IPX3
- Filter: HEPA filter
- Unit dimensions: 280mm W x 535mm H x 180mm D (62 mm from the surface)
- Net weight: 12.5 kg
- Warranty: 2 Years
- Certification: CE, RoHs
- Package contents: hand dryer, installation accessories and user manual

Automatic Hand Dryers
